

## **TANZANITE UNIVERSITY**

### **MR RONALD RUGIMBANA - PROFILE**

**AA (New Mexico Military College) BSc (Boise State Idaho) MBA (North-West Nazarene University)**

Professionally, Ronald Rugimbana works at Hewlett Packard (HP) as the Worldwide LaserJet Supplies (Toner Cartridges) Product Manager. He is responsible at managing the current business proactively by working closely with his regions counterparts in Americas, EMEA and APJ at understanding the opportunities and challenges in each region in order to help grow the business; making sure the requirements of new product introductions have been met; managing the worldwide supplies End of Life (EOL) program; managing quality issues; managing supplies content updates of ISO standards, Product Matrix, new packing roll-overs and sku-proliferation; and lastly monitoring competitive intelligence in market prices.

Ronald joined HP in 2003, and he has held various positions in marketing and product management in Imaging Printing Group - Americas and LaserJet & Enterprise organizations.

During his extra time, Ronald serves with the Boise Leadership Program (BLP) and since 2003 as a Tennis Coach Pro at Boise Racquet & Swim Club. As an insight, BLP is sponsored by Boise Metro Chamber of Commerce, and its purpose is to identify potential leaders that might assume leadership roles in the community.

Ronald holds an Associate of Art Degree from New Mexico Military Institute, Bachelor of Science in Computer Information Systems from Boise State University, and MBA from Northwest Nazarene University. He is based in Boise, Idaho (USA).

Ronald is delighted to serve in the leadership team of the founding members for the Tanzanite University (TU) as an adviser on Technical matters. This important role allows Ronald to participate in many important operational and strategic decisions and activities. It is expected that Ronald's Role will take on additional significance as TU becomes increasingly operational.
